EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with William E. Pelton on 6/24/2005.
3. The application has been amended as follows:
 - In line 17 of page 10 (part of claim 1), a comma "," has been added between the words "chamber" and "and".
 - In line 4 of page 12 (part of claim 3), the word "and" has been replaced with "that is".
 - In line 24 of page 12 (part of claim 7), the phrase "further have respectively" has been replaced with the phrase "of the control valve each has".
4. The following is an examiner's statement of reasons for allowance: The art of record (considered as a whole) neither anticipates nor renders obvious a side bore from one side of the upper protrusion that communicates with the valve chamber in combination with the rest of the claimed limitations set forth in the independent claim.
5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The US Patent 6,447,387 of Tseng discloses a pneumatic

sanding machine that is very similar in structure to the claimed invention of the applicant, however the valve assembly of Tseng only has one end that may be detachably received in the valve chamber, wherein the control valve of the applicant, as claimed, has a first end and a second end detachably received in the valve chamber.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance." Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bryan R. Muller whose telephone number is (571) 272-4489. The examiner can normally be reached on Monday thru Thursday and second Fridays.
